Honorable Ahn Moo-Hyuk

Seoul, Korea

Dear Mr. Ahn:

Thank you for your very kind remarks and invitation
in your letter of February 3, 1988.

Please be assured of our continued close cooperation
with your agency. We are aware of the substantial responsi-
bility which you have for the proper conduct of the upcoming
1988 Olympiad. We are equally dedicated to assisting you in
every manner in ensuring that the Olympic events proceed
without incident.

I am particularly thankful for your most gracious
invitation to Mrs. Sessions and me to visit your country. I
am indeed looking forward to such a visit sometime in the
future. Unfortunately, my schedule precludes such a visit at
this particular time.

As you may know, Mr. Oliver B. Revell, my Executive
Assistant Director for Investigations, will be visiting Seoul
during March 11-15, 1988. Mr. Revell is looking forward to
his visit and will be advising me of the results of his travel
upon his return.

Sincerely yours,

Dear Mr. Sessions,

I am writing to inform you that I am leaving the Agency for National Security Planning and returning to the Ministry of Foreign Affairs. As I leaving the Agency, where I have worked as Director General of the Third Bureau for the past four years, I cannot but look back the years with mixed emotions.

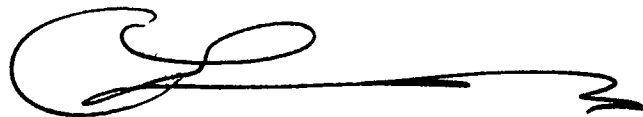

I feel satisfied, especially, with the current status of cooperation with your Agency and would like to express my sincere gratitude for your unsparing efforts made for us whenever we were in need of assistance and support from friends like you. It is apparent that the relations between our two agencies have been significantly improved, contributing to the betterment of U.S.-Korea relations.

You and I have also built a kind of special relationship based on friendship and professionalism in the course of cooperation between our two agencies. I am proud of having the relationship with you and going to keep it as my personal treasure for ever.

As I am leaving the agency, I am very much pleased to introduce my successor, Mr. Byong Ho Lee, who is highly regarded within the agency. I am confident that the close cooperation between our two agencies will also continue to develop in the years ahead.

Looking forward to seeing you sometime in the further, I send my best wishes for you success and health.

Sincerely yours,

Dear Mr. Chung:

I have received your June 17th letter and wanted to thank you for letting me know that you are leaving the Agency for National Security Planning. Thank you also for introducing your successor, Mr. Byong Ho Lee.

In the meantime, we look forward to working as closely with Mr. Byong as we did with you during your tenure as Director General of the Third Bureau. SUBJECT : Counter-Intelligence Activities

1. Since President Roh's July 7 Declaration and with ROKG's Northern policy, the opportunities for the Korean people to travel to the Soviet Union, PRC and other Eastern Bloc countries have been significantly widened. In turn, peoples of those countries includign government officials, businessmen, sports officials and artists are becoming to frequently visit Korea.

2. With this development, my agency anticipates the possibility of operations by the intelligence organizations of those countries against Korean citizens. We would like to be informed of and advised with your organization's past experiences in terms of counter-espionage.

A. Techniques and methods used by the intelligence officers of those communist countries when they visit the U.S. to unfold intelligence activities;

B. Methods to be employeed by the intelligence officers of those countries to disguise their true identity;

C. Cases of Operation committed by the intelligence organizations of those countries against the United States and its citizens.

D. Anything you think helpful to us to carry out our counter-espionage activities against the possible infiltration plots by the Communist countries.

3. I fully acknowledge my description is incorrect and also my request is too vague and wide-ranged, yet I humly expect your wise and kind guidance. Many thanks!

ENCLOSURE

EMBASSY OF THE REPUBLIC OF KOREA
WASHINGTON, D C.

August 3, 1988

Mr. Oliver B. Revell
Executive Assistant Director
for Investigations
Federal Bureau of Investigation

Dear Mr. Revell,

This is to request your kindest cooperation in my agency's effort to accommodate itself to the social change of Korea.

My agency is making strenuous effort to wisely cope with the democratic mood evolving inside Korea, yet it is unchanging principle that domestic security and social order of one country should be preserved at any cost.

Thus, it behooves us to explore more objective and scientific methods and techniques in carrying out our own responsibilities in domestic field, which should satisfy both current social demands and our own duties to safeguard the security of the Korean nation.

In this vein, I am writing here a long list of our requests which need your understanding and support as well. I suppose some of the requests are not easy to be met, yet I would like to ask your help based on the cooperative ties between our two agencies as well as the personal friendship between you and myself.

1. Techniques to carry out intelligence activities

- o Techniques of information/intelligence gathering
 - Object
 - Scope

 - With private persons
- o Techniques of cooperation
- o Advanced/supplementary training(education) for the officers of FBI

2. Constitution of intelligence network

- o Kinds of network
- o Spotting and recruitment of assets/agents
- o Management & control of network(assets)
- o Dismissal of assets and following measures after the dismissal if any

3. Information about the equipments used by FBI for more effective & scientific investigation

- o Example of equipments we need information are;
 - concealed microphone or eavesdropping device
 - wiretapping device
 - polygraph(portable)
 - taperecorder for operative use
 - ultraviolet camera
 - night vision
 - voiceprinting discerner
 - fingerprinting device
 - car tracking device(radiolocator)
 - other equipments loaded in commanding car engaged in investigative activities
- o Research & development of scientific investigation equipments in FBI

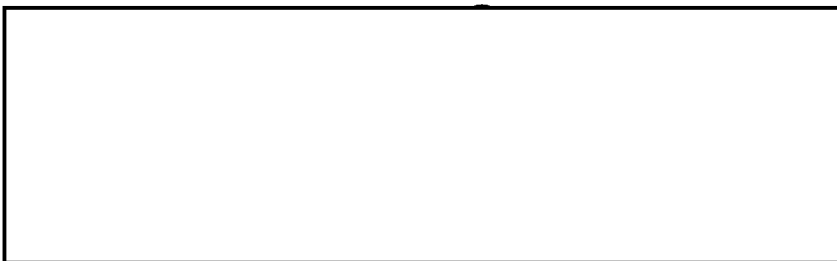

As this is a kind of job which does not allow us enough time, I hope you review my request as soon as possible and give positive response. It would be most appreciated if you provide us informations based on your daily/actual

Letter to Mr. Revell from [REDACTED]
Embassy of Korea, dated August 3, 1988

Intelligence Division Addendum: JHG:lm1 9/21/88

I have reviewed the requests outlined in attached letter and find them particularly difficult to assess. Category #1., for instance, is extremely broad and, in fact, some of the areas such as "techniques of coordination/control/manipulation" and "techniques of cooperation" are virtually impossible to teach even if we were inclined to do so. It is particularly difficult in the context of "intelligence activities." As to Category #2., we find this, again, a very difficult area within which to provide information of value without jeopardizing our own operations. Perhaps, the structure of the Criminal Informant Program could be discussed with them in very general terms. Category #3., which pertains to equipment is a little easier to address. I think we could clearly provide them a significant amount of information in these areas while stopping well short of compromising state-of-the-art equipment. As a matter of fact, most of this equipment is available on the open market, and, therefore, perhaps we could simply provide our recommendation as to the type and perhaps even the make of equipment we think would be most helpful.

b6
b7C

The sensitivities in responding to this request are clear, particularly based on [REDACTED] statement that they are to assist "in carrying out our own responsibilities in (the) domestic field." With this in mind, particularly as it relates to Categories 1 and 2, perhaps the Training Division could provide some idea as to how to approach these in generic terms.

Dear Director Park:

I again wish to express my appreciation for the most enjoyable meeting with you and your colleagues on the afternoon of January 9, 1989. I again congratulate you, your agency, and your nation on the outstanding success of the XXIVth Olympiad. I know that much of the secure manner in which the Olympic events were conducted is attributable to the efforts of you and your agency.

I am most appreciative of your generosity in the gifts which you presented to the FBI during your visit with me and my colleagues. The beautiful Olympic event photograph will be displayed prominently at our Headquarters for all of our employees to enjoy and the torch will be a fitting memento of your visit and the Olympics. I am sending the beautiful book on the Olympic events to the library at our Quantico Academy so all of our students may enjoy this beautiful document. I also appreciate and will enjoy reviewing the videotape on the Olympic events.

Dear 

I am writing to inform you that I am leaving the Agency for National Security Planning and returning to the Ministry of Foreign Affairs. As I am leaving the Agency, where I have worked as Director General of the Third Bureau for the past four years, I cannot but look back the years with mixed emotions.

I feel satisfied, especially, with the current status of cooperation with your Agency and would like to express my sincere gratitude for your unsparing efforts made for us whenever we were in need of assistance and support from friends like you. It is apparent that the relations between our two agencies have been significantly improved, contributing to the betterment of U.S-Korea relations.

You and I have also built a kind of special relationship based on friendship and professionalism in the course of cooperation between our two agencies. I am proud of having the relationship with you and going to keep it as my personal treasure for ever.

Although I am leaving, I want to see this precious relationship of ours continue to develop beyond my years with the Agency.

Looking forward to seeing you again, I send my best wishes for your success and health.

Dear Judge Sessions,

First of all, let me express my gratitude to you for the efforts you have made for the relations between our two agencies. The assistance you have provided for the Seoul Olympic Games has helped us a lot in our preparation for the Olympic Games. I am sure the Games will be a great success free of trouble with the cooperation from friendly foreign agencies like yours.

I am writing you today to ask for your special support for us. President Roh Tae Woo is planning to visit Southeast Asian and Pacific countries in November shortly after the Seoul Olympic Games. Although we are cooperating with security agencies of the countries concerned, it is my view that there are some areas in which you can do for us regarding the security of the President. The following is the schedule of the President's visit.

Malaysia : November 2 - November 5
Australia: November 5 - November 8
Indonesia: November 8 - November 12
Brunei : November 12 - November 15
Japan : November 15 - November 17

With respect to the visit, I hope you will render as much assistance as you can as you did in the past when our president was travelling overseas, and pass on to us any information relating to the security of the President.

I look forward to your continued support and cooperation and wish you and your agency the best of success and prosperity in the future.

Dear Director Bae:

I have received your September 19th letter regarding the upcoming visit of President Roh Tae Woo to Southeast Asian and Pacific countries. I also received your subsequent letter advising of President Roh's plans to visit the United States. I certainly understand your concern in pursuing all possible avenues to ensure the President's safety during his travels. We will share President Roh's November itinerary with the appropriate FBI offices covering the areas in which he will be traveling and also with the Central Intelligence Agency here in Washington in the event you have not already done so.

We look forward to a continuation of the fine spirit of cooperation that exists between our agencies.

The Honorable William S. Sessions
Director
Federal Bureau of Investigation
The United States of America

May 14,

Dear Mr. Sessions,

It is my honor to inform you that I was appointed as Director of the Agency for National Security Planning on May 7, 1988.

I understand the current status of cooperation between our two agencies is well founded on the basis of professionalism and friendship. I want to take this opportunity to thank you for all your efforts to bring the relationship into the current level.

As we both share the common cause of keeping peace and prosperity, I think it is essential that we should work hand in hand to accomplish what are vested upon us respectively. In this regard, I hope our relations will continue to develop in ways of sharing information on matters of mutual interest and exchange of visits by officials concerned.

With international terrorism taking place so frequently throughout the world, I am convinced that we need closer cooperation among friendly nations to anticipate and counter any acts of terrorism jointly. Particularly I would appreciate it very much if you pass on to me, who has the overall responsibility for the security of 1988 Seoul Olympic Games, any information, if not confirmed, relating to the security of the Games. I will do my best with the cooperation from your agency to make the Games safe and provide physical security to all athletes participating in the Games.

Looking forward to your continued cooperation, I wish you and your agency the very best of success.

Yours sincerely,

JUL 14 1988

Dear Director Bae

I want to thank you for your letter of May 14, 1988, and to congratulate you on your appointment as the Director of the Agency for Security Planning. That assignment is an indication of the high regard in which you are held by your government.

I want to assure you of my sensitivity to the threat of terrorism in any form and the major importance that I place on international cooperation. In this regard, please be confident of our continuing commitment to assisting you and your agency in doing everything possible to ensure that the Olympic events proceed without incident. The FBI has already detailed experienced Special Agent and support personnel to Seoul in preparation for and throughout the course of the Olympic events. That assignment is only one indication of our commitment and cooperation. As you know, Mr. Oliver B. You may continue to rely on our every assistance. I also wish you and your agency every success.
